

On behalf of the chairman and staff of the Radio Taxis Group we would like to wish you every happiness on your special day and your life together.

Wedding Chauffeur Services

- Choice of traditional London taxi or chauffeur driven executive vehicles
- All our drivers will be dressed appropriately to chauffeur a wedding vehicle
- Flowers and ribbons to match your wedding theme
- Logistical planning service to ensure everyone arrives on time

Chauffeur Wedding Services

Planning a wedding can be a very stressful time where the tiniest details make all the difference to your big day. With over 50 years experience in personal transportation servicing the needs of 1.5 million customers every year, there is no one better to organise your wedding vehicles. Our wedding co-ordinators will work with you to ensure that every aspect of your transport meets your specific requirements.

Our choice of vehicles

The Asquith

The Asquith is a vintage style taxi that offers a real sense of a previous age. With a look dating back to pre-second world war, this classic taxi is a showpiece for any style of wedding.

The TX range

Available in black, white, silver or even pink! The TX range has a spacious interior to ensure your journey is as comfortable and crease-free as possible. As standard, the TX range have custom built child booster seats, perfect for your flower girl or page boy; there is also a swivel seat to improve access for elderly or less mobile guests.

Executive cars

Silver Audi A8 or Mercedes S class.

We guarantee that all of our vehicles meet the highest cleanliness standards

Our chauffeurs

Our chauffeurs are specially selected for their experience, discretion and suitability to the role.

Their licenses, insurance and health are checked every 3 years. Furthermore, all chauffeurs adhere to our strict codes of conduct which are enforced and upheld by an independent body of industry specialists.

Multi-lingual chauffeurs are also available.

Finishing touches

One of our wedding co-ordinators will ensure that the vehicle you choose is presented in accordance with your specific requirements including colour co-ordinated silk or fresh flowers, ribbons, champagne and even sweets.

Behind the scenes

All vehicles are fitted with GPS and GPRS technology allowing our wedding co-ordinator to track both their position and status in real time so we are able to call ahead with your estimated time of arrival.

All chauffeurs have 'The Knowledge of London' and are fully licensed by The Public Carriage Office so that in the unlikely event that there are problems en route we will quickly find an alternative course.

In the unlikely event that your vehicle experiences mechanical problems a suitable back-up vehicle will be provided.

Making a difference

Radio Taxis Group were the first carbon neutral personal transport company in the world and maintain an award winning approach to environmental policies so you can be confident that travelling in one of our wedding vehicles will not negatively impact the environment.

Our service

One of our wedding co-ordinators will be happy to meet with you to discuss your requirements for the big day. We will then produce a detailed quotation and itinerary for your approval.

In the event you are happy to proceed with the booking, drivers, vehicles and decorations will be prepared well in advance and we will call you to confirm arrangements one week prior. Every wedding vehicle is equipped with bottled water, tissues and a small sewing kit for your comfort and piece of mind.

We'd love to hear from you

We hope that you will trust us to organise your wedding transportation and we would be delighted to hear from you.

To discuss your requirements in further detail either complete the form below and return to:
